

WVPT NTTI MASTER TEACHERS

Who are NTTI Master Teachers?

WVPT's NTTI Master Teachers are chosen among the most talented Kindergarten through Grade 12 teachers in their areas. Most Master Teacher applicants will have attended an Institute before beginning the application process. Applicants are notified of their acceptance and attend a regional training camp to begin developing their lessons for presentation and publication. Follow-up training meetings and rehearsals with a teammate insure a polished performance at subsequent Institute(s). Master Teachers are paid for their published lessons and for presenting them to their colleagues.

Essential skills for a successful Master Teacher are:

- Creativity in development of a lesson following the NTTI model
- Polished writing that can clearly communicate the lesson, step-by-step
- Excellent presentation skills for demonstrating classroom-tested NTTI lessons and methodologies

The following teachers had completed their Master Teacher training program as of publication time (March, 2008). You may notice that several of the Master Teachers later moved into administrative positions. Many of these Master Teachers are willing to share their expertise through presentations at local, regional, state, and national events.

<u>Division</u>	<u>Name</u>	<u>NTTI Class of</u>	<u>School</u>	<u>Grade/Subject</u>
Albemarle	Gay Baker	2007	Crozet Elementary	2
	Melanie Dusci	2004	Brownsville Elementary School	Curriculum & Tech.
	Becky Fisher	1995	Central Office	Asst. Director, Tech.
	Genevieve Gallagher	2007	Virginia L. Murray Elementary	K-5
